

A brochure site combines text and images to create an informative reference for potential customers and existing clients to learn about your business and the services, or, products it provides.

All our brochure sites are coded with xhtml and css to meet [W3C standards](#).<sup>(1)</sup> This compliance helps with accessibility for those using assistive technologies and also with your web site's placement in search engines such as Google and Yahoo.<sup>(2)</sup>

The following table provides an easy way to compare our brochure design pricing and features.

Brochure Design Comparison Table				
Feature	1 Page	3 Page	5 Page	10 Page
Max. client supplied Images per page	3	3	3	4

.co.uk or .org.uk domain included <sup>(4)</sup>	No	Yes	Yes	Yes
<b>Cost</b>	<b>£99</b>	<b><a href="#">Get Quote</a></b>	<b><a href="#">Get Quote</a></b>	<b><a href="#">Get Quote</a></b>

### Accessibility Panel

We can add a four button accessibility panel to aid visitors with accessibility issues. This includes Low Graphic which minimises images for greater contrast, font increase, font decrease and default view. Our standard system using javascript costs £100.00. We also have a php alternative available at £150.00.

### Flash

We can design Flash elements for your site such as animated headers and video clips.

If you have any questions or, if you need a package tailored to your specific requirements, do not hesitate to [contact us via e-mail](#) or by telephone on 02890 285845.

**NOTES:**

- (1) A standard £60.00 charge applies for graphical design concept. Amount waived if decision to proceed with implementation is agreed.
- (2) No guarantee of success is given with regard to search engine placement. SEO is a separate ongoing and at times costly process.
- (3) Please refer to our [Hosting Services website page](#), for details of the free first year hosting included with packages.
- (4) Domain cost incorporated in yearly hosting renewal fee while hosting is maintained with Vision IT Services.
